Thanks Nicole – I’ll add that in.

Any other comments? Please let me know by COB today, so we can share with the RA this week.

Thanks again everyone!

Hi all.

I haven’t had a chance to get to this today. I read through quickly and the one thing I would like to add is that we first engaged NJDEP on LCR implementation issues after DECA’s inspection of Trenton and identified LCR issues. In June 2015, Arlene and I had a conference call with Karen Fell at which time NJDEP outlined their plan to request data from the large system and set optimal WQPs.

I can spend time with this Monday morning but not sure of your timeline.

Nicole

Hi Everyone –

Please see attached the factsheets we prepared to inform the RA on NRDC/NEW’s NOI to sue NJDEP on LCR implementation in Newark. Please let me know if you have any input or comments – preferably by **COB today**. Apologies for the short turnaround time.

Please don’t hesitate to ask if you have any questions. Also, FYI we will be sharing this with NJDEP as well.

Thank you!
